

BCS Families,

As we prepare for the return of school on Tuesday, January 5<sup>th</sup>, 2021, we wanted to provide an update on your child's enrollment choice. Due to the steady increase in COVID-19 cases in our community, BCS will not be opening an enrollment choice window at this time. This is due to many factors, including social distance requirements in our classrooms and schools. When the last enrollment choice window opened at the 9-week mark, we included the disclaimer that this choice was until further notice.

The only requests we will consider at this time will be students opting to go from in-person to virtual learning. We will monitor the situation during the second semester and make any changes as necessary. If there is an unavoidable circumstance impacting your child's instruction that you would like reviewed, you may appeal your child's enrollment choice by emailing [BCSVirtual@bartlettschools.org](mailto:BCSVirtual@bartlettschools.org).

We appreciate your flexibility and patience as we work to keep all our students, families, and staff safe during these uncertain times. Please help us by following the current COVID-19 guidelines to keep your family and friends safe. We hope you all have a wonderful and relaxing winter break!
